

BARRE C. V. MEN WERE STRONG

Outrolled Their Railroad Brothers From Montpelier

BEFORE ANXIOUS CROWD

Nelson of the Barre Bunch Was the King Pin Ruler of the Whole Lot, While Simonds of Montpelier Walked Off With Booby.

By some unknown means of investigation, the members of the local Central Vermont office force succeeded in getting five of their brother workers up from Montpelier last evening for the purpose of rolling a game of candle pins against five picked men and true from among their number.

The match was a little late in starting and the crowd of rooters which thronged the alleyway waited with bated breath as the first man came to his position at the scratch, bound to do or die.

If a local man, perchance, sent the sphere down the gutter to the no destruction of the uniform setting of the pins, groans issued from the throng and many a face was covered. It, on the other hand, the ball struck the head pin and several were knocked down, joy prevailed in the camp of the Parroquets and jizzes filled the air.

While the scores rolled have been beaten on the local alleys, the game was not without interest and although Barre took three straight from their opponents, it was by narrow margins and without loss of honor on the part of the Montpelier knights of the small ball and pins.

Of the whole number, William Nelson was easily the most skillful bowler and did with a single string lay prone 50 pins and made an ending of three strings which totaled 273.

Cave Kelley surprised himself and all others concerned by making a strike in the last part of the game, and the lack of disgust on the face of Simonds when he saw the majority of his balls go down the gutter was laughable.

BALL TEAM ON TRIP.

University of Vermont Players are on Southern Trip.

Accompanied by Coach Hayes and Manager Chase, the base ball team of the university of Vermont left at 11:55 yesterday for New York, where they will play the first game of the season.

The team is in fine condition and the prospects are exceedingly bright. The pitchers this year are phenomenally strong.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because of its deceptive nature. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidneys become diseased and blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's Swamp-Root, the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in urination. It does away with that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

Spring Humors

Impure or effete matters accumulated in the blood during the winter cause in the spring such disfiguring and painful troubles as boils, pimples, and other eruptions, also weakness, loss of appetite, that tired feeling.

The best medicine to take is Hood's Sarsaparilla, which thoroughly cleanses the blood, and effects permanent cures by giving healthy functional activity to the stomach, liver, kidneys, bowels and skin.

Sarsaparilla is Hood's Sarsaparilla, a blood purifier, a tonic, a cathartic, a skin cleanser, a liver and kidney medicine, a stomachic, a general health-giver, a blood purifier, a tonic, a cathartic, a skin cleanser, a liver and kidney medicine, a stomachic, a general health-giver.

string-Collins, Haynes, Hunt and McConnell—are in extra fine shape as was evidenced in Monday afternoon's practice game at the Centennial field. Play was fast and full of life, especially gratifying being the work of the infield and the stick work. Coach Hayes expressed himself as more than pleased with the showing made.

The team will remain in New York City until Friday night, or Saturday morning. Saturday night will find the nine on the way to Philadelphia, where the men will remain until Thursday, April 9. Needless to say the colleges to be met are among the strongest in the country. The great thing that the trip will do is to prepare the team for the game with Harvard on April 11, the last game of the trip. Following are the games to be played:

Wednesday, April 1, Fordham at New York.
Friday, April 3, Seton Hall at South Orange, N. J.
Saturday, April 4, Lehigh at South Bethlehem, Pa.
Monday, April 6, Villanova at Villanova, Pa.
Tuesday, April 7, Villanova at Villanova, Pa.
Wednesday, April 8, Pennsylvania at Philadelphia.
Saturday, April 11, Harvard at Cambridge, Mass.

Former Rutland Players.

The Boston Globe of Sunday printed a picture of Ambrose McConnell, who is playing second base for the Boston National and spoke very favorably of the young player, "Andy" McConnell, who played for the Boston National in the same league. In an exhibition game played Saturday McConnell got two hits and one run out of three times at bat. He is a native of Vermont.

"Billy" Dwyer, who formerly played short stop for Rutland, is playing third base for Atlanta in the Southern league. Southern papers speak of him as the fastest third baseman in the league.

TO CLEAN OUT THOSE WITH CRIMINAL RECORD.

Sends List of Criminal Aliens to Secretary of Commerce.

Washington, April 1.—Police Commissioner Bingham has sent to Secretary Strauss of the department of commerce and labor a list of about forty aliens with criminal records. These are being investigated by the department to see whether they can be deported. William F. Ham, former chief of the secret service, is in charge of the investigation. Not alone as to these alleged anarchists of New York, but with reference to anarchist suspects in other cities.

The work of getting information against criminals thought liable to deportation is proceeding actively in all parts of the country. The president and Secretary Strauss are doing all possible to see that the country is kept free from the danger of the interference of federal and state rights. One plan is to favor to extend the time within which there may be deportation from three years to the time of naturalization.

VERDICT AGAINST GOVERNMENT.

Case Forty Years Old Settled at Portland.

Portland, Me., April 1.—A verdict against the government was announced yesterday by Judge Hale of the United States district court in the suit for \$50,000 for the loss of the brig Alice Francis in a collision with the gunboat Winoski, forty-two years ago, forty miles off the coast of Nova Scotia. This case was before Congress many years and finally a special act was passed, giving the right to test the responsibility in the courts. Mrs. Sarah M. Fennell, administratrix of Macchia, is one of the claimants. Judge Hale ruled that the government's "immoderate" speed was the sole, direct and immediate cause of the collision. He further found that the brig was without fault, and that a decree may be entered for the petitioner and an assessor may be appointed to report the amount of the petitioner's damages.

WASHINGTON.

All members of Court Onawandah, No. 4,619, L. O. F., should be in attendance at the regular meeting, April 3. Initiation of candidates and other important business to come before the meeting. Per order of the secretary.

TO HOLD UP COAL LAND LAW

Action to be Taken by the Government

PFNALTY IS SUSPENDED

By the Senate Resolution—The Measure Proposed by Senator Elkins—Knapp Approves in General of the La Follette Bill.

Washington, April 1.—Senator Elkins, chairman of the Senate committee on interstate commerce, yesterday introduced a joint resolution suspending until May 1, 1910, the operation of the penal clause of the commodity provision of the railroad-rate law last session, which prohibits any railroad company from transporting from one state to another "any article or commodity other than timber, manufactured mined or produced by it." The resolution provides "that the failure of any railroad company prior to May 1, 1910, to comply with the provision shall not be held or deemed to subject the company to the penalties, fines or forfeitures now provided by law." It is specifically provided that the resolution shall not be so construed as to prevent civil suits for the violation of the provision.

The government will not prosecute railroads for failure to comply with the "commodity clause" of the railroad rate law, pending a decision of the supreme court. This decision has been arrived at, it is understood, after careful consideration by the president, and that he has accordingly directed the department of justice to bring a test case as soon as possible after May 1, the day when becomes effective the law forbidding any railroad to transport any article or commodity other than timber, manufactured, mined or produced by such road, or in which it is directly or indirectly interested. Thus, any railroad that owns coal mines would be liable to prosecution should it carry its own coal to market. The president, it is stated, has no desire to increase the embarrassments which surround the railroads in their efforts to comply with the law, and as the question of the validity of the "commodity clause" has been seriously raised by competent legal opinion, it was thought best for all interests in the country to suspend the operation of the law until the question of its validity should be settled. It is understood that the railroads have given assurance to the government that if the courts decide against them they will immediately and in good faith comply with the law.

HILL'S NOMINATION.

Sent to the Senate by President Roosevelt Yesterday.

Washington, April 1.—President Roosevelt sent to the Senate yesterday the nomination of Dr. David Jayne Hill to be American ambassador at Berlin. The resignation of Charles H. Tower, now in effect June 1. At that time, Dr. Hill will assume his new duties. This statement made at the White House yesterday is said to be taken as a happy ending of the incident.

The attitude of the American administration is that Mr. Hill's enunciation as a scholar and diplomat has not suffered the slightest impairment in view of the disclaimer of the German emperor of any adverse expression regarding him and of the hearty recognition of Mr. Hill's standing contained in the statement of President Roosevelt, issued from the White House Monday night.

At the German embassy it was said yesterday that nothing more is to be said regarding the Hill matter from that quarter.

CALL TO WHITE HOUSE.

President Sends Invitation to Herman Robinson.

Washington, April 1.—Herman Robinson, financial secretary of the Central Federated Union of New York, who thinks Socialism is "all bunk" and said so at the Rev. Alexander Irvine's gathering of parlor Socialists on Sunday night, has been summoned to Washington by President Roosevelt. Monday the president read in the Senate and commended the way in which Herman Robinson spoke right out in meeting to Mr. Irvine and his followers, and he expressed himself at immensely pleased with Herman Robinson's way of doing and saying things. He showed the article to several callers at the White House and then sat down and wrote a letter to Herman Robinson asking him to come to Washington.

JOY FOR LA FOLLETTE.

His Liability Bill Reported Ahead of Knox Measure.

Washington, April 1.—The Senate committee on education and labor yesterday reported favorably the bill of Senator La Follette of Wisconsin, known as the employers' liability bill, to meet the objections raised by the supreme court in a recent decision against the constitutionality of the act passed at the last Congress.

The La Follette bill gains an advantage by the report yesterday over the bill on the same subject introduced by Senator Knox of Pennsylvania, now pending before the judiciary committee. It will gain the first place on the Senate calendar as the result of the report.

INVESTIGATE UNITED FRUIT COMPANY, HE SAYS

Alabama Senator Declares Concern Is a Trust and Makes Charges.

Washington, April 1.—Senator Johnston of Alabama introduced in the Senate yesterday a resolution for an investigation by the department of commerce and labor of the United Fruit Company. The resolution was referred to the committee on commerce. The senator made a vigorous attack on the company, charging it with being a trust, controlling 90 per cent. of the fruit trade of the country, with throwing overboard cargoes of fruit in order to hold up prices, with giving away fruit to destroy com-

STIFF BRUISED AND ACHING

After a Fall of Thirty-one Feet, I Was Free from Pain and Able to Return to Work in Two Weeks

BY USING MINARD'S "KING OF PAIN" LINIMENT

And I would recommend Minard's Liniment for all aches and pains, as it is the best liniment made. Respectfully yours, Charles Wood, E. Providence, R. I.

petition, and with arbitrarily fixing the prices of fruit in New York and New Orleans.

He also charged that in conjunction with the government of Costa Rica, the company had seized the plantation of a competitor, and that it was using that republic as a shield for its " nefarious operations" in the United States.

GUNBOAT WITHDRAWN FROM HAYTIAN WATERS

The Eagle Leaves Port-au-Prince for Survey Duty.

Washington, April 1.—The gunboat Eagle has been withdrawn from Haytian waters and assigned to survey duty.

The Eagle left Port-au-Prince Monday.

DECLARES PINCHOT LIKE JETHRO BASS.

Representative Says Chief Forester Is Aiding Irrigation Monopoly.

Washington, April 1.—Representative Smith of California likened Gifford Pinchot, chief forester of the department of agriculture to "Jethro Bass" of Winston Churchill's novel, "Coniston." He called upon his colleagues from California to rise up and deny that they had ever asked Mr. Pinchot to support an irrigation scheme by which the city of Los Angeles would be permitted to bring water from the Owens River valley, 250 miles distant, for an irrigation project of its own, while, at the same time, several irrigation schemes were on foot in the valley.

The statement, which the California men related, was made by Representative Pinchot of Nebraska, who said he had just talked with Mr. Pinchot over the telephone.

"The purpose of extending the forest reserve over the Owens River valley is to get control of the water rights of that stream and parcel them out to those they think ought to have them, in utter disregard of the laws of California," said Mr. Pinchot, in attacking Mr. Pinchot. "I say it is an outrage."

Mr. Mondell of Wyoming interrupted to inquire: "What authority has Mr. Pinchot for going up and down the country dividing water rights in the state of California?"

"Has the gentleman read 'Coniston,' and does he remember Jethro Bass?" retorted Mr. Smith. "Jethro Bass never said to a man when he wanted him to vote his way: 'If you don't I will foreclose your mortgage,' but he always left him to understand he held the mortgage. Mr. Pinchot does not say he is going to interfere with water rights per se, but he does desire, and is endeavoring, to control the right of way, and that is the material thing."

GRANNAN, WHO WON A MILLION, DYING.

Plunger Has Pneumonia at Rawhide, Got \$52,000 at Roulette Two Weeks Ago.

San Francisco, April 1.—Riley Grannan, who was once a noted plunger, and is said to have won and lost \$1,000,000 on the ponies in his day, is reported to be dying of pneumonia at Rawhide, Nev.

Grannan went to the new gold camp with the earliest rush of locators, but devoted himself to gambling rather than prospecting. Two weeks ago he won \$52,000 at roulette, breaking the bank for that night.

In 1896, when he was 26 years old, Grannan was reported to have won over \$250,000, and to have lost it during the winter on San Francisco tracks. In the fall of that year he was ruled off the turf by the Jockey Club on the charge of making presents to jockeys. He got back again after a fight in the courts.

He was married in 1890. His wife was on the stage at the time, and was known as Daisy Dixon. Her father in Tennessee is said to be quite wealthy. The couple lived together for five years. Then their troubles began. Mrs. Grannan had a way of having her husband arrested for non-support at the close of a race when he had won and was flush.

THIN FOLKS MADE FAT.

Good, healthy flesh can only be gained by the use of the proper food, together with natural action of the organs of assimilation. Nine people out of ten in order to weigh as much as they ought and be perfectly healthy, should use Samose, the great flesh-forming food and health restorer. Weigh yourself before commencing to use these little tablets, and see how your weight increases from week to week.

Samose does not contain a particle of starch or pepsin, nor is it a cool liver oil preparation, such as is usually recommended to make people fat, and which does not build up good healthy tissues. Samose has valuable flesh-forming properties. Tonic up and strengthens the whole system, helps the food that is eaten to be assimilated in a natural manner, and absolutely restores health to all the organs.

If you are not perfectly satisfied with the results from Samose, Dr. F. Davis will return your money without any questions.

Man Sent to Devils Island Is Now Accused of Another Bank Robbery.

London, April 1.—Eddie Guerin, the notorious American crook, of Chicago, who was at once time sent to Devils Island for a bank robbery in France, has again fallen foul of the police. He was arrested yesterday on suspicion of being connected with a recent bank robbery in the provinces. After examination he was remanded.

A man named Smith and a woman known as "Chicago May" Churchill, arrested to murder Guerin in this city last June. They were arrested and tried on the charge. Smith was sentenced to penal servitude for life and the woman was given fifteen years penal servitude.

Piles Cured in 6 to 14 Days.

PAZO OINTMENT is guaranteed to cure any case of Itching, Blind, Bleeding or Protruding Piles in 6 to 14 days or money refunded. 50c.

MUZZLE BRYAN? HE THINKS NOT

Has Chosen Subject For the Jefferson Dinner

NOT ON LIST OF SPEAKERS

Notwithstanding This Announcement, Mr. Bryan Announces That He Will Talk Upon "The Limit of Government."

New York, April 1.—There seems to be considerable difference of opinion regarding the status of William J. Bryan at the forthcoming Jefferson day dinner of the National Democratic Club, with a prospect for a lively scrap before it is all over.

Bryan has been invited to the dinner. That point is settled, but it wasn't settled without some few words, at that. It was taken for granted by most that Bryan would speak, of course. Bryan at a public dinner not saying anything is unimaginable. However, the story is that those who opposed sending him any invitation at all to the dinner insisted that he be not invited to speak. Thus the following official statement was sent out from the Democratic Club Monday night:

"The following gentlemen have been invited and have consented to speak at the banquet which the National Democratic Club will give in honor of Thomas Jefferson's birthday at the Knickerbocker hotel on Monday, April 13: Woodrow Wilson, president of Princeton university; Robert L. Taylor, United States senator from Oklahoma; F. M. Simmons, United States senator from North Carolina; and Edward M. Shepard, Esq., of New York City. This list of speakers will not be enlarged."

Notwithstanding this definite statement, "the list of speakers will not be enlarged," Mr. Bryan will see that it is enlarged. He has written a letter saying that he has chosen his subject and it will be "The Limit of Government."

Mr. Bryan has written an autograph letter to his chief press agent to that effect. Harry W. Walker, who represents Mr. Bryan in this city, said yesterday:

"It is ridiculous for anyone to say that Mr. Bryan will not speak at that dinner. The hundreds of men who are paying \$10 per plate for the dinner will have something to say about the speech-making. More than 100 friends of Mr. Bryan have bought tickets to the dinner since they learned on Saturday that he was coming. Those men will insist that he be allowed to speak, and he will be there with a prepared address."

MME. ANNA GOULD ILL.

She Is Very Nervous and Has Bronchitis.

New York, April 1.—Madame Anna Gould, who recently secured a divorce from the Count de Castellane, is ill with bronchitis and stomach trouble in the apartment of her friends, Mr. and Mrs. Taylor Morse in the hotel St. Regis. Madame Gould was said yesterday afternoon after a conference with her brothers and sister at the home of Miss Helen Gould, where Madame Gould has been staying since her arrival from France. It is said that Madame Gould expected to pay Mr. and Mrs. Morse a visit for several days, and that her illness developed unexpectedly. Since arriving in New York Madame Gould has met Mr. Prince de Sagan several times in company with Mr. and Mrs. Morse, and there has been much discussion of the possibility of an announcement that she has become engaged to marry the prince. Some of the members of the Gould family are reported to be opposed to such an engagement.

RAILWAYS TO NEED 300,000 MEN WITHIN SIXTY DAYS.

Tracks Must Be Repaired and Cars and Engines Mended.

Chicago, April 1.—In the next sixty days the railroads of the United States will have to find between 250,000 and 300,000 men to mend their tracks and roadbeds and another large army to go into their shops and repair their cars and locomotives. The railroads entering in Chicago alone will require between 100,000 and 150,000 men more than 100,000 laborers.

Work will start in light to-day on the roads which are best favored by climatic conditions, and will be increased rapidly until June 1, when removal and repair work will be in full swing.

For day laborers the wages range between \$1.25 and \$1.80 a day, the average being about \$1.40. The highest figure is paid for what are called steel gangs who are employed in laying steel rails. This year the railroads expect to be able to procure a much greater proportion of American labor than usual.

GUERIN, NOTORIOUS CROOK, ARRESTED AGAIN IN LONDON

Man Sent to Devils Island Is Now Accused of Another Bank Robbery.

London, April 1.—Eddie Guerin, the notorious American crook, of Chicago, who was at once time sent to Devils Island for a bank robbery in France, has again fallen foul of the police. He was arrested yesterday on suspicion of being connected with a recent bank robbery in the provinces. After examination he was remanded.
